Manufacturer's Limited Warranty / Three years (Parts, Labor, Backlight)

The computer industry lacks standards, and therefore, there are a multitude of varying software packages and add-on hardware options. This product is not manufactured to work with any specific software, and Sony does not and cannot make any warranty or representation with respect to the performance of this product with any particular software packages and/or add-on hardware. Sony hereby disclaims any representations or warranties that this product is compatible with any combination of products a consumer may choose to connect to it. While Sony representatives or Sony authorized dealers may be able to assist distributors, resellers, dealers, and consumers and may make recommendations, they are NOT authorized to vary or waive this disclaimer. Purchasers must determine for themselves the suitability and compatibility of the hardware and software in each and every particular instance.

Not all video graphic cards will support 1280 x 768 wide aspect resolution. Use with some devices may require an updated driver. Most popular drivers are available on included CD-ROM.
